Costs down – service life up

Cable carrier systems for port cranes

TSUBAKI KABELSCHLEPP develops customized solutions for cable carrier systems in cranes. Our decades of experience from hundreds of realized projects in various industries with diverse demands on our cable carrier systems, lead to new custom and application-specific solutions for our customers. Our specialists will support you from the planning and design stage through to the onsite installation and start-up of the tested complete system.

Suitable also for roller-mounted applications (RSC)

Floating moving device

Lift-stop device and fasteners to attach pipes and hoses to the outside of the channel

Replaceable glide shoes

Cable carrier with integrated roller

Mounting kits external and internal

Condition monitoring

System channel and maintenance-friendly housing in galvanized or stainless steel

Aluminum guide channel with gliding support

Your partner for crane applications

Location: Indonesia
Travel length: 300 m
Speed: 1.5 m/s
Acceleration: 0.5 m/s²
Additional load: 15 kg/m
Cable carrier: MC1300

Ship-Unloader

Location: Nottingham, England
Travel length: 215 m
Speed: 0.4 m/s
Acceleration: 0.08 m/s²
Additional load: 5 kg/m
Cable carrier: 2 x 5 band MC1250

Mobile onshore power supply

Travel length: 115 m
Speed: 4.0 m/s
Acceleration: 0.5 m/s²
Additional load: 7 kg/m
Cable carrier: RSC TKHD90

Ship to shore crane with roller supported chain system

Travel length: 100 m
Speed: 4.0 m/s
Acceleration: 0.5 m/s²
Additional load: 5 kg/m
Cable carrier: RSC MC0950

Ship to shore crane with roller supported chain system

TOTALTRAX® Complete systems From planning to the final complete system

Use our know-how. Working jointly with you, our experienced specialists can provide pre-sale support, including planning and design services through after sales service and support.

One order, one contact person, components optimally matched to each other, including the cable and hose carrier, the electrical cables, the hydraulic and pneumatic hoses and the connectors.

You receive the complete system in one delivery along with a guarantee certificate, if desired – in short: TOTALTRAX®.

Reduce your storage costs for cable and hose carriers, cables and connectors with TOTALTRAX®.

We supply all components Just-In-Time to your production facility or directly to the installation site.

Expert installation by our service team

Let our service team handle the planning and execution of the installation of cable and hose carrier systems. We provide the support you need.

- complete assembly including the guide channel and the substructure
- uncoiling and assembling cable and hose carrier systems for long travel applications
- installation in harsh conditions at great height
- commissioning and acceptance
